

# HORIZONS WILDLIFE TRACK

The wildlife track at Horizons 1 will be an opportunity for youth to learn about the ecology, flora, and fauna of Texas. Much time will be spent outside observing our environment as well as how all of these things interact with one another.

activities will include:

- Wildlife ID
- Journaling
- Nature Hikes
- Wildlife observation
- Ecological impacts of Texas species and invasive species

The wildlife track will be during Horizons 1 from June 21st- 24th, 2022.

Please refer to the Horizons 1 flyer for registration fees. Registration is live now on our website at:

<https://texas4hcenter.tamu.edu/>
